

\* In accepting an animal from Berwick Animal Rescue Kennels I agree to B.A.R.K's full rehoming conditions, as attached and as on our website at [www.b-a-r-k.co.uk](http://www.b-a-r-k.co.uk) in the useful information section. I will take full responsibility for the animal's welfare, including all future veterinary treatment costs.

\*I acknowledge B.A.R.K. animals are *not eligible* to be registered under the PDSA scheme and I will not attempt to do so. All dogs and cats come with 4 weeks free insurance, subject to the correct paperwork being completed and any pre-existing exclusions. B.A.R.K. strongly recommend continuing with this policy.

I\* understand that the animal I wish to rehome is for me and not a third party. I am over 18 and own my own home or have my landlord's permission to have a pet.

\*I understand it is a legal requirement for all dogs to wear a collar and tag with full owner details on at all times.

\*I acknowledge all B.A.R.K. dogs and cats must be neutered, breeding is not allowed from any BARK animal for any reason, and vaccinated. If these procedures have not been carried out I will arrange for this to happen at the earliest opportunity and provide proof if required. I will be provided with vouchers for use at any of the Galedin branches which will cover the entire cost. These costs will not be covered if I use any other vet.

\*I acknowledge all dogs, cats and rabbits require regular worming and flea treatments, a yearly health check-up and booster vaccinations. Galedin Vets have a Pet Health Plan which covers these costs. More information can be found at [www.galedinvet.com/health-Plan/](http://www.galedinvet.com/health-Plan/)

\*I acknowledge all adoption donations are non-refundable.

\*I agree that if at any time I can no longer take care of the animal I will contact B.A.R.K. immediately and he/she will be accepted into the centre as soon as space is available and I will keep hold of the animal until that time. I agree that I will need to arrange transportation of him/her to the kennels myself.

\* I understand that B.A.R.K. cannot guarantee the history of any animal and there is the possibility of problems which B.A.R.K. does not know about. I accept it will take time for any rescue animal to settle into a new home. I will contact B.A.R.K. immediately if I have any concerns.

\*B.A.R.K. loves to receive updates but please do not post direct to Facebook as previous owner may be watching.
